

## Student Portal

### **Step #1**

Visit [cals.org](http://cals.org)

### **Step #2**

At the top of the page click on the *Discover* tab. Under this tab, you will click on *Student Portal*.

### **Step #3**

The Student Portal page is categorized by grade level. Select your grade level to see databases that will be most helpful to you.

### **Step #4**

By scrolling through each page you will see several databases with basic descriptions of each. You can access the databases by clicking on the links located below the titles & descriptions.

### **Other things to know...**

- Some databases will require you to make an account or provide your library card number & pin number.
- Many of our databases have apps available for download to your phone or tablet.
- Nearly all CALS research databases have the ability to connect to your Google Drive account to help you keep track of your saved articles/photos/information.
